POSITIONS HELD **City University of New York**
Associate Professor of Linguistics, Dir. of the CUNY Prosody Laboratory Sept 2020 - pres
Assistant Professor of Linguistics, Dir. of the CUNY Prosody Laboratory Sept 2013 - 2020
Appointments:

- Department of English, College of Staten Island, CUNY
- Ph.D. Program in Linguistics, The Graduate Center, CUNY
- Ph.D. Program in Speech, Language, & Hearing Sciences, The Graduate Center, CUNY

University of Cologne, Institute for Linguistics
Mercator Fellow Jan 2021 - Dec 2024
(Associated with Collaborative Research Center 1252)

EDUCATION **University of California, Los Angeles** June 2013
Ph.D. in Linguistics

- Dissertation: *Prenuclear accentuation: phonetics, phonology, and information structure*
- Committee: Sun-Ah Jun (chair), Patricia Keating, Robert Daland, Maria Luisa Zubizarreta

Linguistic Society of America Linguistic Institute Summer 2009
LSA Institute Fellowship, University of California, Berkeley

Max Planck Institute for Cognitive & Brain Sciences Leipzig, Germany 2006-2007
Neuropsychology Laboratory of Angela D. Friederici

- Fulbright Fellowship Year, Research Assistant

Eastern Michigan University, Ypsilanti, Michigan 2006
B.A. with Honors in Linguistics

- Majors: Linguistics / Psychology / German Language & Literature
- Honors Thesis: *A perceptual study of American English p,t,k*

RESEARCH INTERESTS phonetics, laboratory phonology, speech prosody & intonation, language processing, individual differences

GRANTS & AWARDS • **\$467,491** (2023; Pre-Award Notification Received); National Science Foundation Award BCS-2234096/2234097/2234098 to Jason Bishop (Lead PI), Jelena Krivokapić & Laurel MacKenzie for “Collaborative Research: The New York City Individual Differences Corpus: A resource for testing and refining hypotheses about individual differences in speech production.”

- **\$3,499** (2021-2022) PSC-CUNY Traditional A Grant TRADA-52-397 to Jason Bishop (PI) for “Are there speech-based correlates of autistic trait load? Testing prosodic variables.”
- **\$2,807** (2020) CUNY GRTI Award; competitive award for equipment funds for an audiometer and new desktop computer for the CUNY Prosody Laboratory and the Motor Speech Laboratory (with Christina Hagedorn)
- **\$3,466** (2020-2021) PSC-CUNY Traditional A Grant TRADA-51-411 to Jason Bishop (PI) for “Encoding gradient gender identify in speech: An acoustic phonetic study.”
- **\$10,000** (2015-2017) Provost’s Research Fellowship, College of Staten Island for “A quantitative approach to understating rhythmicity in written language.”
- **\$3,698** (2016) CUNY GRTI Award; competitive award for equipment funds for a video camera and computer setup for the CUNY Prosody Laboratory.
- **\$4,400** (2016) CUNY GRTI Award to Jason Bishop & Christina Hagedorn; competitive award for equipment funds for an electroglottograph for the Motor Speech Laboratory and the CUNY Prosody Laboratory.
- **\$11,982** (2015-2016) PSC-CUNY Enhanced Grant ENHC-45-52 to Jason Bishop (PI) for “Identifying speaker-specific f0-ranges: The search for signal-based cues.”
- **\$10,740** (2014-2015) PSC-CUNY Enhanced Grant ENHC-46-88 to Jason Bishop (PI) for “Context and individual differences in the perception of prosody.”
- (2006-2007) Fulbright Fellowship, Leipzig, Germany.

INVITED TALKS

- (2023) “What do measures of autistic traits predict about prosodic prominence perception?”. Linguistics Colloquium, Department of Linguistics, University of Pennsylvania, 21 April 2023.
- (2023) “Planning prosodic structure should give you pause (duration): Evidence from individual differences”. Ling Colloquium, Department of Linguistics, Northwestern University, 24 Feb 2023.
- (2022) [keynote] “The listener as a source of gradience: Evidence from prominence perception”. *Workshop on Gradience in Intonation (GRIN)*, a satellite workshop of the *11th International Conference on Speech Prosody*, Lisbon, Portugal, 28 May 2022.
- (2022) “Planning prosodic structure should give you pause (duration): Evidence from individual differences”. Linguistics Colloquium, Dept. of Linguistics, Yale University, 11 April 2022.
- (2021) “Do individual differences in working memory capacity predict individual differences in speech planning? Two prosodic tests”. ULCA Phonetics Laboratory, Linguistics Department, University of California, Los Angeles, 8 March 2021.
- (2019) “Prosodic evidence for individual differences in phonological (but not phonetic) planning”. Phonology Colloquium, Institute for Linguistics, Goethe-University of Frankfurt, 13 November 2019.
- (2019) “Prosodic evidence for individual differences in speech production planning”. Frontiers Talk Series, Stony Brook University, 30 October 2019.
- (2019) “Prosodic evidence for individual differences in speech production planning”. Linguistics Colloquium Series, Rutgers University, 25 October 2019.
- (2019) [keynote] “Implicit prosody, explicit prosody, and individual differences in pragmatic skill”. Keynote talk presented at *Prominence between Cognitive Functions and Linguistic Structures* (a satellite workshop of *Phonetics and Phonology in Europe*, University of Bari Aldo Moro, Italy, 20 June 2019.

- (2019) “Do individual differences in working memory capacity predict individual differences in speech planning? Some prosodic tests”. Phonetics and Experimental Phonology Laboratory, Linguistics Department, New York University, 26 April 2019.
- (2018) [keynote] “Finding prosodic answers to sentence processing questions using an individual differences approach”. Keynote talk presented at *Experimental and Theoretical Advances in Prosody (ETAP) 4*. University of Massachusetts Amherst, 11 October 2018.
- (2018) [keynote] “Structure, realization, and the listener in prominence perception”. Keynote talk presented at the *Second Conference on Prominence in Language*. University of Cologne, Germany, 12 July 2018.
- (2017) “Does working memory predict explicit prosodic phrasing? (And does explicit prosodic phrasing predict implicit prosodic phrasing?)”. Linguistics Department Colloquium, Concordia University (Montreal), 16 March 2017.
- (2016) “Individual differences in prosody’s role in syntactic parsing”. General Linguistics Seminar, Faculty of Linguistics, Philology and Phonetics, University of Oxford, 16 May 2016.
- (2016) “Prosody, parsing, and individual differences: phrasing is not enough”. Linguistics Program Colloquium, Wayne State University, 8 February 2016.
- (2015) “Memory-dependent prominence effects on syntactic parsing”. Phondi meeting, Linguistics Department, University of Michigan, 30 October 2015.
- (2014) “Examining the role of subvocal prosody in sentence comprehension in reading”. Staff Talk series, Haskins Laboratories / Yale University, 2 October 2014.
- (2014) “Prosodic structure and individual differences in focus projection: evidence from cross-modal priming”. Phonetics and Experimental Phonology Laboratory, Linguistics Department, New York University, 21 November 2014.
- (2014) “Prominence vs. phrasing in syntactic parsing”. Syntax+ seminar, Linguistics Department, University of Southern California, 17 January 2014.
- (2014) “Prosodic structure primes relative clause attachment”. Stonybrook Linguistics Brown Bag, Department of Linguistics, Stony Brook University, 13 November 2013.
- (2013) “Individual differences in the perception and processing of prosody”. Hearing Seminar, Center for Computer Research in Music and Acoustics, Stanford University, 13 March 2013.
- (2013) “Implicit phrasing and prominence influence relative clause attachment: evidence from prosodic priming”. Colloquium Series, Linguistics Department, University College London, 22 February 2013.

SELECTED SERVICE
(TO THE FIELD)

- Active Reviewer for: *The National Science Foundation* / *The Journal of the Acoustical Society of America* / *Language and Speech* / *The Journal of Memory and Language* / *The Journal of Phonetics* / *Language, Cognition and Neuroscience* / *Journal of the International Phonetic Association* / *Laboratory Phonology* / *Phonetica* / *Glossa* / *Phonology* / *Linguistic Inquiry* / *Journal of Autism and Developmental Disorders* / *The Linguistic Review* / *WIREs Cognitive Science* / *Logopedics Phoniatrics Vocology* / *Journal of Speech, Language and Hearing Research*
- Member of the Scientific Committee for Speech Prosody (2014–2022)
- Member of the Scientific Committee for InterSpeech (2015–2019)
- Reviewer of book proposals and manuscripts, Cambridge University Press (3 linguistics manuscripts to date)

SELECTED SERVICE At the College of Staten Island
(DEPARTMENT &
UNIVERSITY)

- **Chapter Chair**, College of Staten Island Chapter of the Professional Staff Congress (An elected position with a three-year term; leads a union chapter with 823 professorial, lecturer-line and adjunct faculty members)
- **Committee Chair**, Faculty Senate Committee on Research at the College (nominated and unanimously elected), 2018–2021
- Committee Member (Humanities and Social Sciences representative), Faculty Senate Committee on Research at the College, 2016–2018
- **Committee Chair**, Tenure-Track Phonetics Search (successfully resulted in the hire of Prof. Christina Hagedorn, now a tenured Assoc. Professor), 2016–2017
- **Director** (and founder), CUNY Prosody Laboratory, 2016–present
- **Director** (and founder), CSI Speech Laboratory, 2013–2016
- Committee Member, Managerial Search, Office of Sponsored Programs and Research, CSI-CUNY, 2019
- Co-Director Undergraduate Computational Linguistics Program, 2021–present
- Co-Director Undergraduate Speech-Language Pathology Program, 2017–present
- Co-Director, Undergraduate Linguistics Program, 2013–present
- Member, Fulbright Advisory Committee, 2015–present
- Faculty mentor, CUNY Research Scholars STEM Program (2014–2016)
- CUNY Representative, Integrating Undergraduate Research into the Curriculum Institute (Council on Undergraduate Research), Trinity Univ., Washington DC, 27–29 March 2015
- Founding faculty advisor for the *Linguistics and Speech Sciences Club* (an undergraduate student organization), 2015–present

CURRICULUM
DEVELOPMENT

Undergraduate Programs Created

- Executed major restructuring of the English Department’s Linguistics Concentration between 2013 and 2017, adding over a dozen courses to the College Catalog, and more prerequisite structure. Changed official coding from ENL (used for English courses) to LING. Program has increased from approximately 25 students in 2013 to 118 students as

- of spring 2022.
- Minor in Speech-Language Pathology (with Prof. Christina Hagedorn), on the books as of Fall 2017. Enrollment quickly grew from 0 to approximately 100 students in the first three years.
- Minor in Computational Linguistics, on the books as of Spring 2022.

Undergraduate Courses Created (Established via the full curricular review process)

- LING 437: Introduction to Computational Linguistics
- LING 302: Phonetics
- LING 402: Speech Science
- LING 360: Word & Sentence Prosody
- LING 303: Phonology I
- LING 403: Phonology II
- LING 420: Anatomy & Physiology for Speech Science
- LING 430: Phonetic and Phonological Disorders
- LING 304: Syntax I
- LING 404: Syntax II
- LING 405: Semantics and Pragmatics
- LING 410: First Language Acquisition
- LING 305: Second Language Learning
- LING 411: Psycholinguistics
- LING 412: Sign Language Linguistics
- LING 101: Linguistic Diversity
- LING 350: The Structure of Words

Graduate Courses Created

- LING 79400/SPCH 80900: Prosody and Intonation, PhD-level course, CUNY Graduate Center (offered for the first time as a special topics course in 2015; offered about every other spring semester thereafter)
- LING 650: The Grammar of Words, MA-level course, College of Staten Island, CUNY (a linguistics course for the English Master's Program)
